Credential Fee (nonrefundable): \$ 70.00 class code 7636

Make checks payable to: State of WI – DSPS. The fee consists of a \$20 application fee and a credential fee of \$50. The credential will be effective for 2 years from the date of issuance.

Reason for Credential: No person may conduct the corrosion protection system design or testing of a tank system which has held or will hold flammable or combustible liquids unless the person holds a credential issued by the department as a certified Corrosion Expert or Cathodic Protection Tester respectively.

Requirements of Credential: A person who is certified to conduct corrosion protection system design and testing for tank systems shall:

- Conduct corrosion protection system design or testing in accordance with and be certified by the NACE (National Association of Corrosion Engineers), STI (Steel Tank Institute) or other department approved certifications or methodologies and any additional manufacturer's instructions; and
- Employ only those test methodologies for which training has been obtained.

A person who holds the credential shall carry on his or her person the credential issued by the department while performing or conducting the activity or activities permitted under the credential.

Are you a Veteran?

If yes, please answer the following questions to see if you qualify for a fee waiver or equivalency for this credential.

1. Are you requesting a waiver of your initial credentialing fee?

- ☐ Yes Provide a copy of your Department of Veterans Affairs voucher code. DVA Voucher Code: _____
- ☐ No Submit the fee of \$70.

2. Are you requesting equivalency of your military training and experience?

- ☐ Yes Provide copies of your service school academic reports, certificates of training, or training documentation signed by your unit's training NCO or any other relevant experience that would satisfy the requirements. You may attach a personal narrative to further explain why your education / training / experience in the military has helped you prepare for this profession.
- ☐ No Complete the requirements listed below.

You may contact DVA at 1-800-WisVets or www.WisVets.com for assistance in obtaining your DVA Voucher Code and/or documents related to your training and experience.

Qualifications for Credential: A person applying for a Corrosion Expert Certification shall provide documentation showing formal education relating to soil resistivity, stray current, structure-to-soil potential, component electrical measurements of buried metal piping and tank systems, and corrosion control from a cathodic protection certification entity recognized by the department showing the applicant has successfully completed a certification examination that corresponds to the cathodic protection specialty addressed in the application **Attach a COPY** of evidence that you attended one of these approved courses and successfully completed the respective exam. Place a check next to the training / course you attended.

| Course Work & Certification Held | Date Cert Expires | Provider | Check Course | Test Date |
|--|-------------------|----------|--------------|-----------|
| NACE Certification as a CP1, CP2 or CP3 Cathodic Protection Technician | | NACE | | |
| NACE Certification as a Senior Corrosion Technologist | | NACE | | |
| NACE Certification as a Corrosion Technologists | | NACE | | |
